Authentication

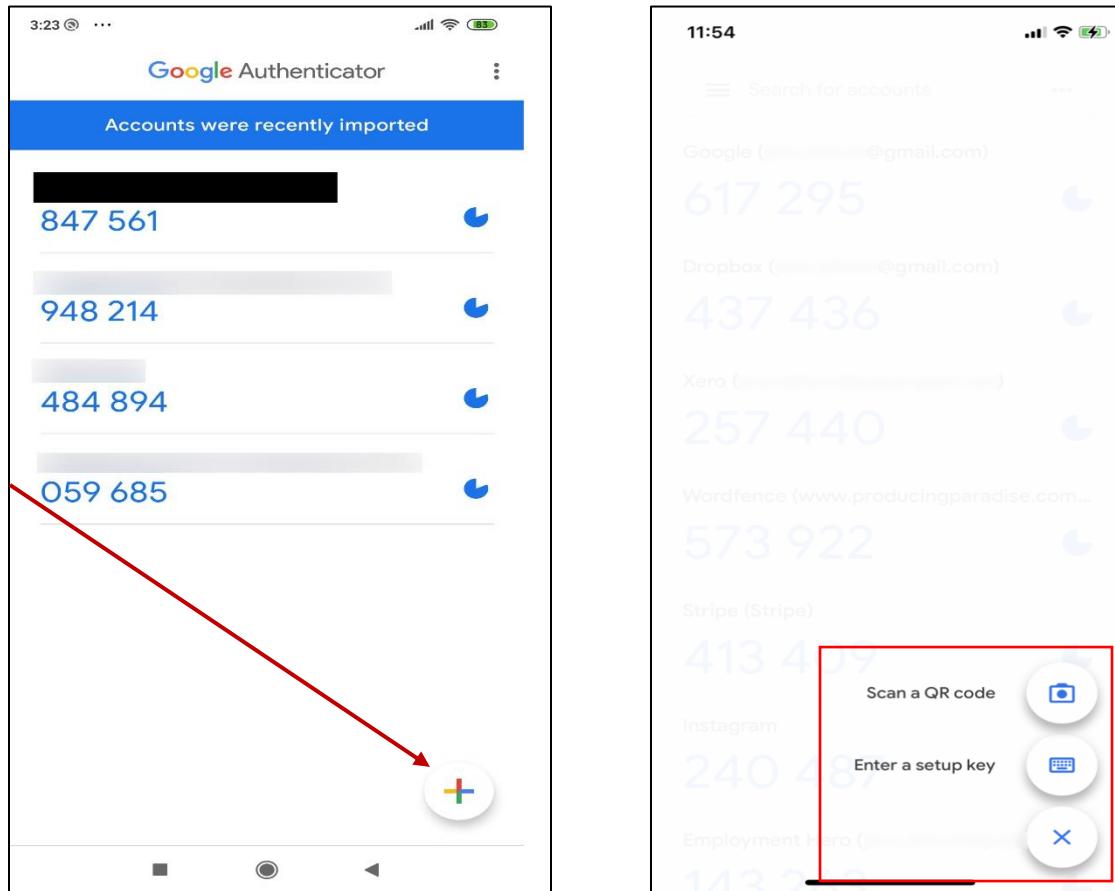

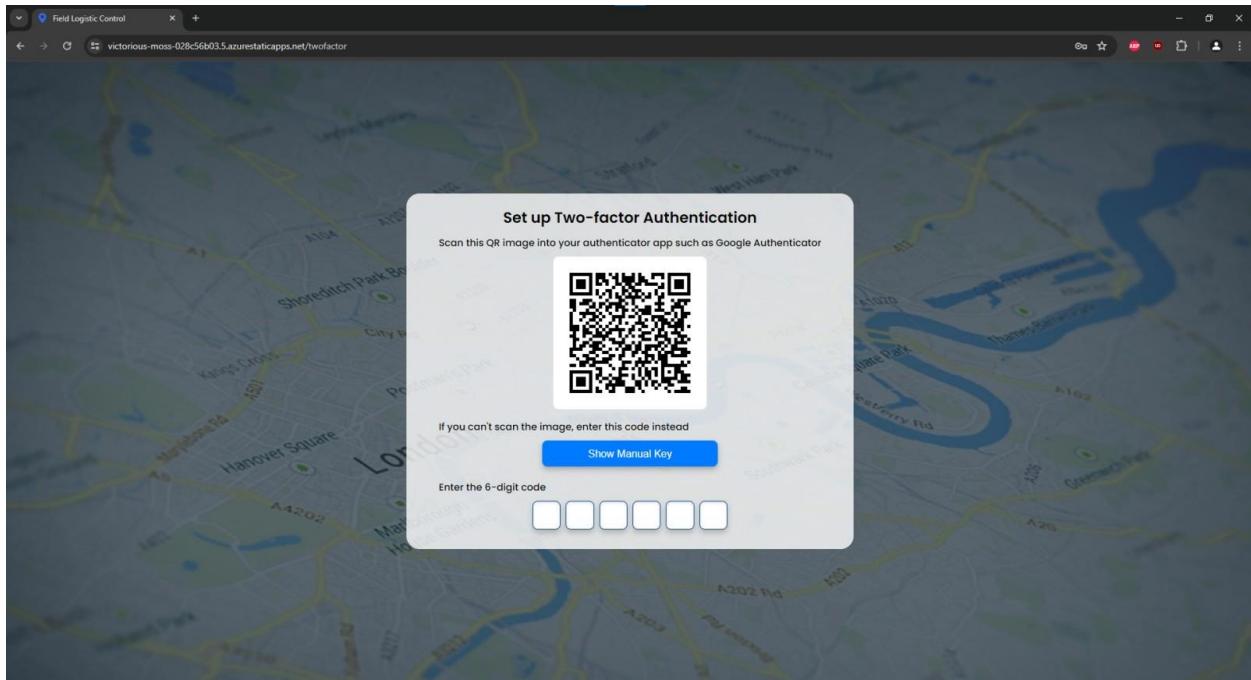

Log in

- When you open the app you will be greeted by a login screen
- Enter your username or phone number in the first field
- Enter your password in the second field
- Click the **Login** button, you will be taken to the two-factor authentication page

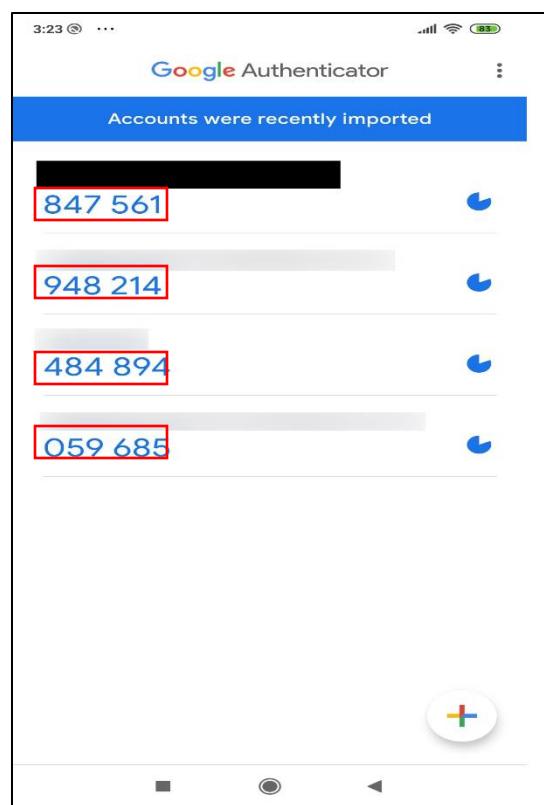

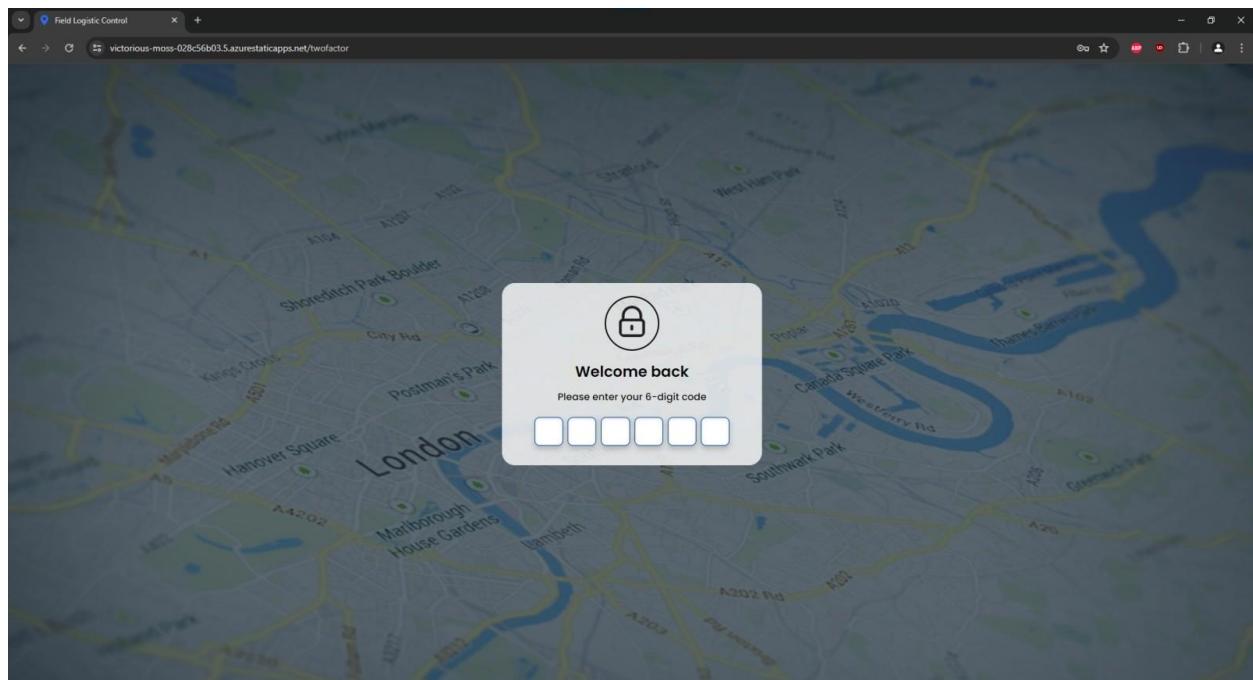

- If it's your first time logging in you will be prompted to set up your two-factor authentication (if not skip this step)
 - Open the **Google Authenticator** app on your phone and press on the plus sign in the bottom right corner of the app
 - Use the **Scan a QR code** option and point your camera at the QR code shown in the web app
 - Or click on the **Show Manual Key** button in the web app. You will be shown a code
 - In the Google Authenticator app click on the plus sign and choose **Enter a setup key**
 - Enter the **Account name** into the first field and the code shown in the web app into the field below
 - Click **Add**

- You will now be shown the web app's name and the name of your account with a 6-digit code below and a timer right of them
- Enter the code into the web app into the fields below the **Show Manual Key** button (be mindful of the timer, because the code changes when the timer runs out)
- You can skip the next step

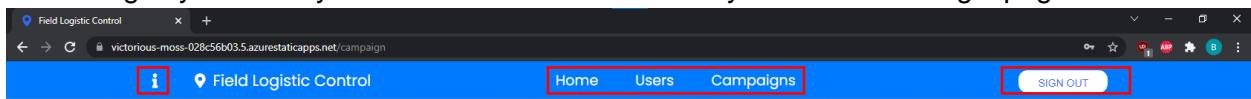

- If you have already logged in the app before, you will be prompted to enter your 6-digit code
 - Open the **Google Authenticator** app on your phone
 - Find the field that has the web app's name and the name of your account with a 6-digit code below and a timer right of them
 - Enter the code into the web app (be mindful of the timer, because the code changes when the timer runs out)
- You will be redirected to the home page of the app

Administrators

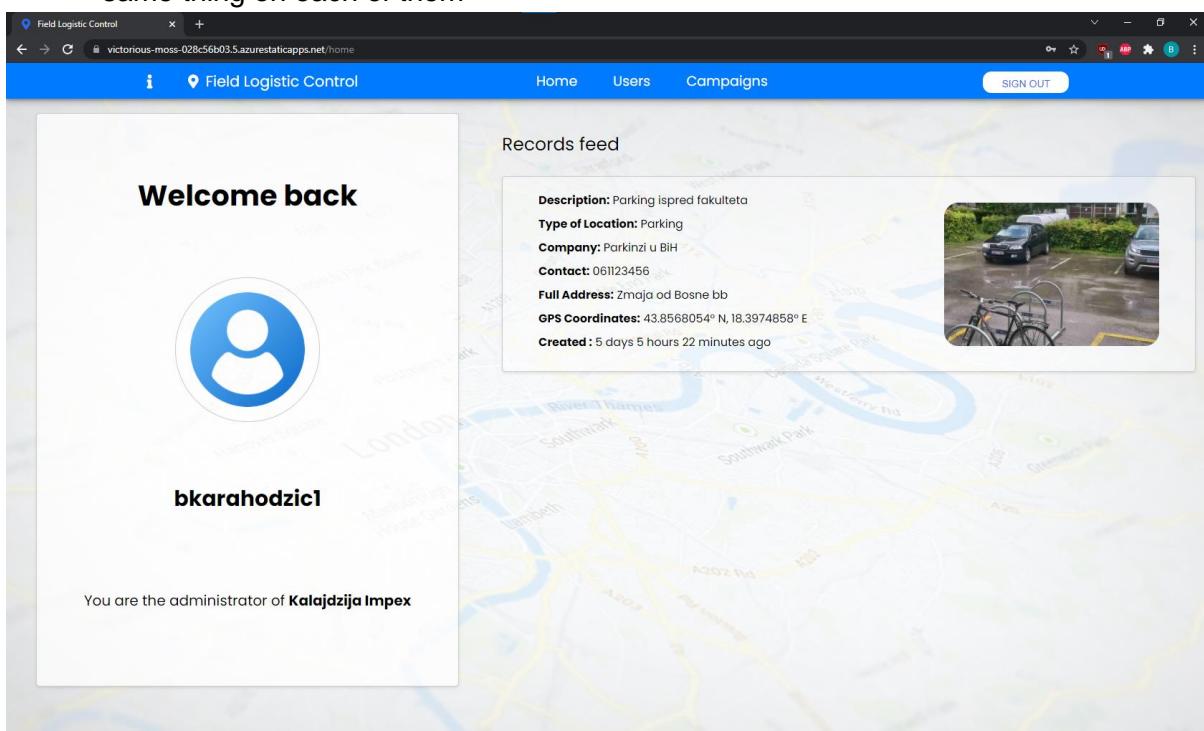

Navigation bar

- At the top of the page is a navigation bar with 5 buttons
- The information icon downloads a copy of this document
- The Home button takes you to the first page that is loaded when you first log in
- The Users button takes you to a page in which you can view, create, edit and delete users
- The Campaigns button takes you to a page in which you can view, create, edit and delete campaigns
- The fourth button which is farther right than the rest of the buttons, SIGN OUT button, signs you out of your current account and takes you back to the login page

Home page

- You will be greeted with a welcome message and your username as well as the name of the company you are the administrator of
- On the right side of the screen you can find the records of your campaigns
- At the top of the page is the navigation bar that appears on all of the pages and does the same thing on each of them

Users page

- On this page you can see the User data for your company
- The data that is displayed is separated into columns with different information of the users in your company

Full Name	Username	Password	Phone Number	Mail	Actions
Nedim Dzajic	Nedim	XXXXXX	123456	n@gmail.com	<input checked="" type="checkbox"/>
Neko Nekic	NedimDzajic	XXXXXX	51511	n@gmail.com	<input checked="" type="checkbox"/>

Adding a new user

- On the right side of the screen below the **SIGN OUT** button is the **Add User** button
- Clicking on this button opens a pop up menu that prompts you to input the new user's data
- The fields from top to bottom require:
 - The new user's username
 - The new user's password
 - The new user's phone number
 - The new user's name and last name
 - The new user's e-mail address
- All of the fields are required to be filled before the new user can be created
- Below the data required for creation is the **Create** button that you press when you have filled in the data to create the user
- Clicking the **Create** button before the data is filled will result in an alert appearing in the top of the screen that will inform you that you failed to fill all the data
- Below that is the **Cancel** button that is used if you would like NOT to create the user
- After creating a new user his data will appear below the previous users

User edit and delete

- At the end of each user's information is the section **Actions** with two buttons
- The first button is used to edit the user's data
- After clicking on the icon the data of the user becomes editable
 - The button itself changes to a checkmark which when pressed accepts the changes, if any where made
 - You can edit the fields simply by clicking on a certain field and deleting or adding anything
 - After clicking the checkmark icon the changes will be saved

Screenshot of the Field Logistic Control application showing a list of users. The page title is "User data for your company - Kalajdzija Impex". There is a blue header bar with "Field Logistic Control", "Home", "Users", "Campaigns", and "SIGN OUT" buttons. Below the header is a table with columns: Full Name, Username, Password, Phone Number, Mail, and Actions. The "Actions" column contains a checkmark icon and a trash bin icon. The first row shows Nedim Dzajic with a checked checkmark. A red arrow points to this icon.

Full Name	Username	Password	Phone Number	Mail	Actions
Nedim Dzajic	Nedim	XXXXXX	123456	n@gmail.com	<input checked="" type="checkbox"/>
Neko Nekic	NedimDzajic	XXXXXX	51511	n@gmail.com	<input checked="" type="checkbox"/>

Campaigns page

- On this page you can see all your active campaigns
- The campaigns are presented as clickable sections with some of their details and the buttons used to edit, delete and export data

Parkinzi u BiH

Description: obilazimo sve parkinge u BiH

Start Date: 24.5.2024

End Date: 25.5.2024

Assign user

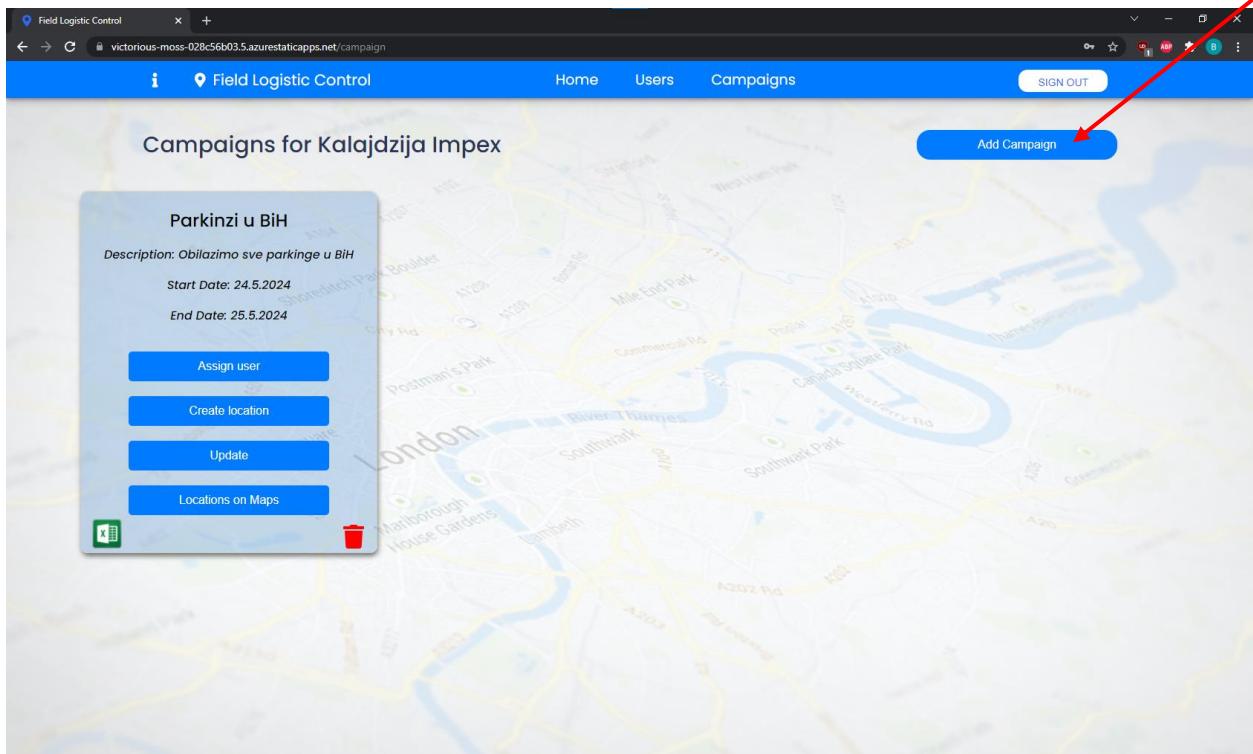

Create location

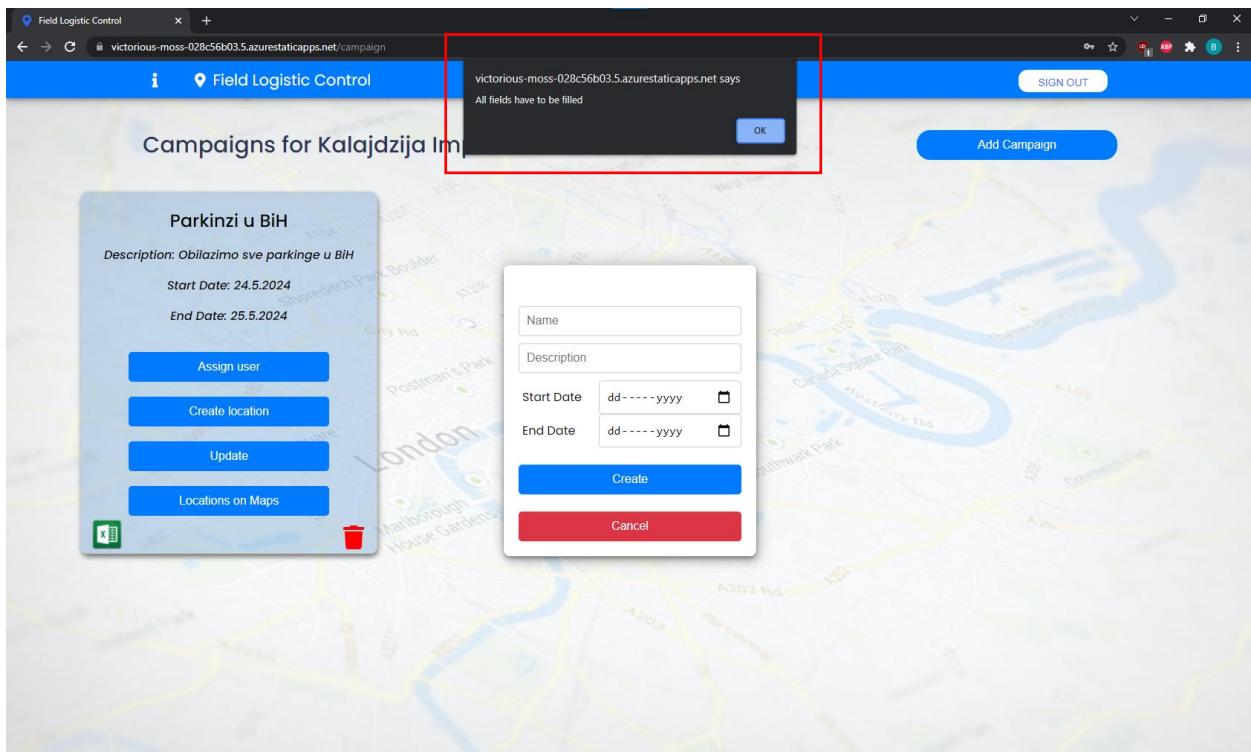

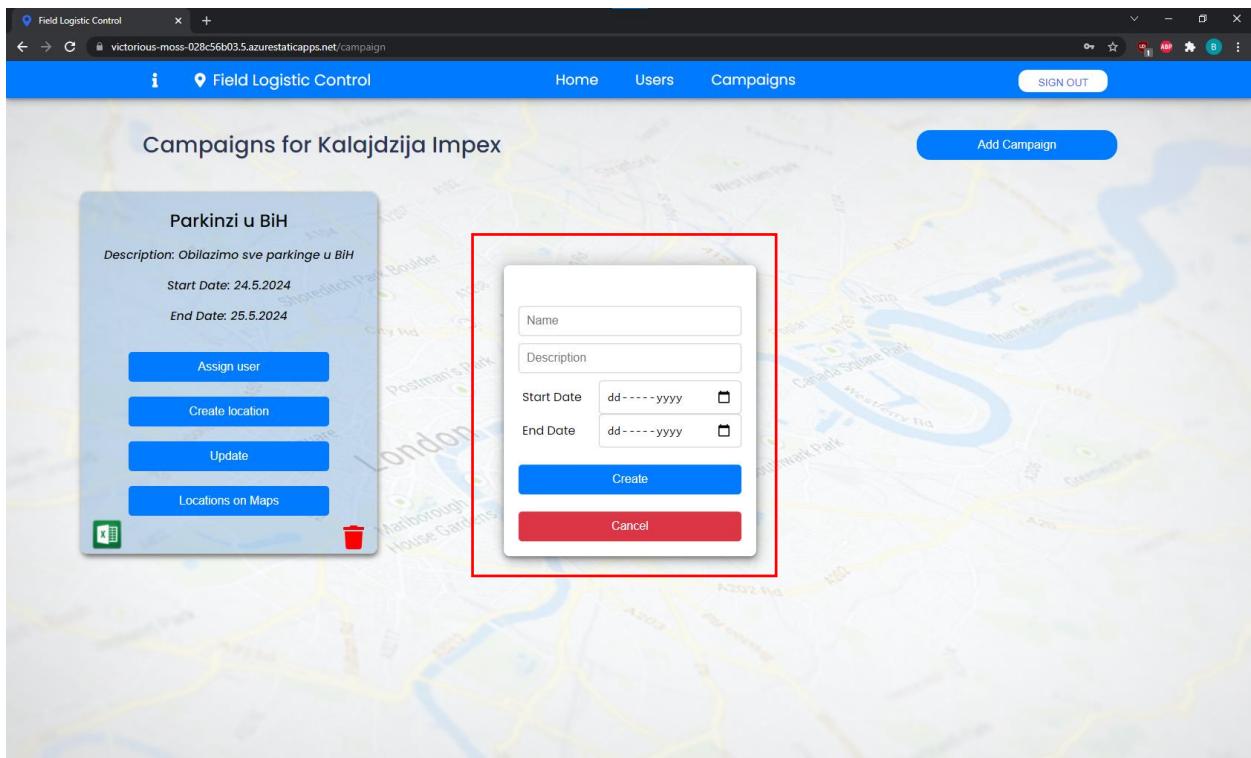

Update

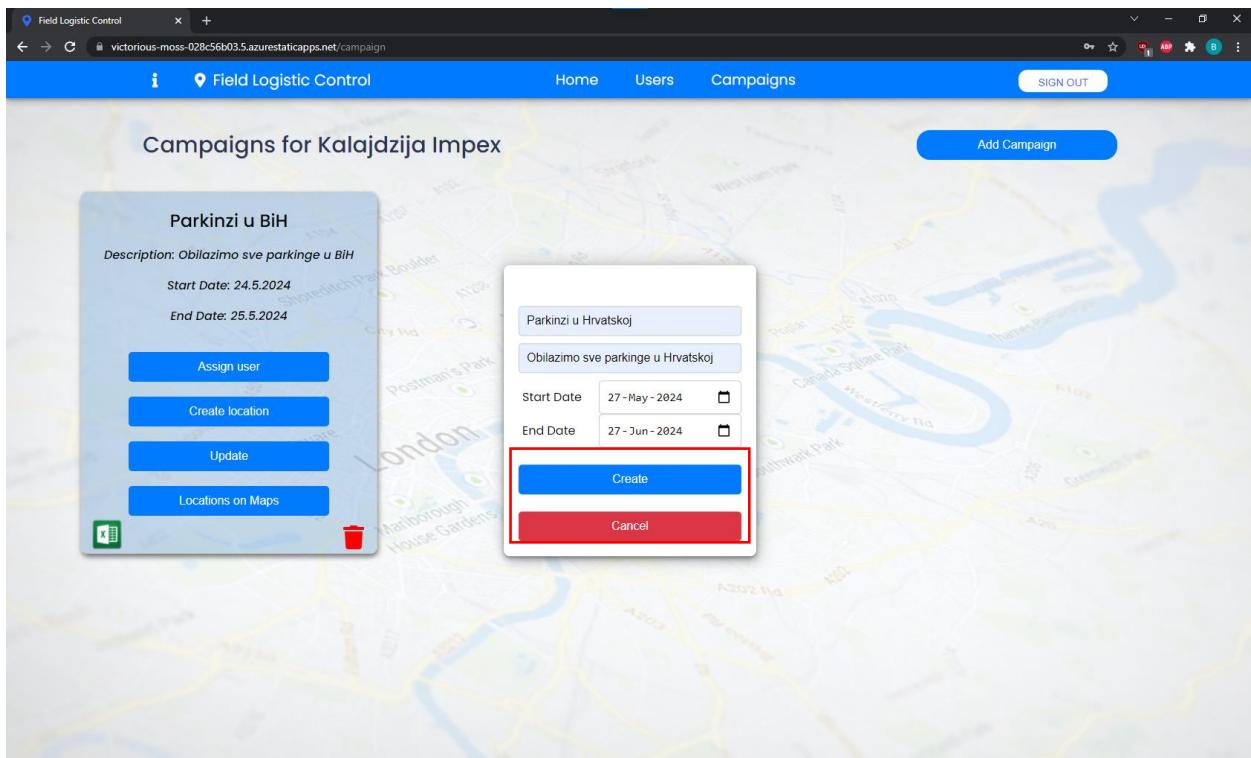

Locations on Maps

Adding a new campaign

- Right of the name of your company is the Add Campaign button
- Clicking on this button opens a pop up menu that prompts you to input the new campaign's data
- The fields from top to bottom require:
 - The new campaign's name
 - The new campaign's description
 - The new campaign's start date
 - The new campaign's end date
- All of the fields are required to be filled before the new campaign can be created
- Below the data required for creation is the Create button that you press when you have filled in the data to create the campaign
- Clicking the Create button before the data is filled will result in an alert appearing in the top of the screen that will inform you that you failed to fill all the data
- Below that is the Cancel button that is used if you would like NOT to create the campaign
- After creating a new campaign it's data will appear next to the previous campaigns

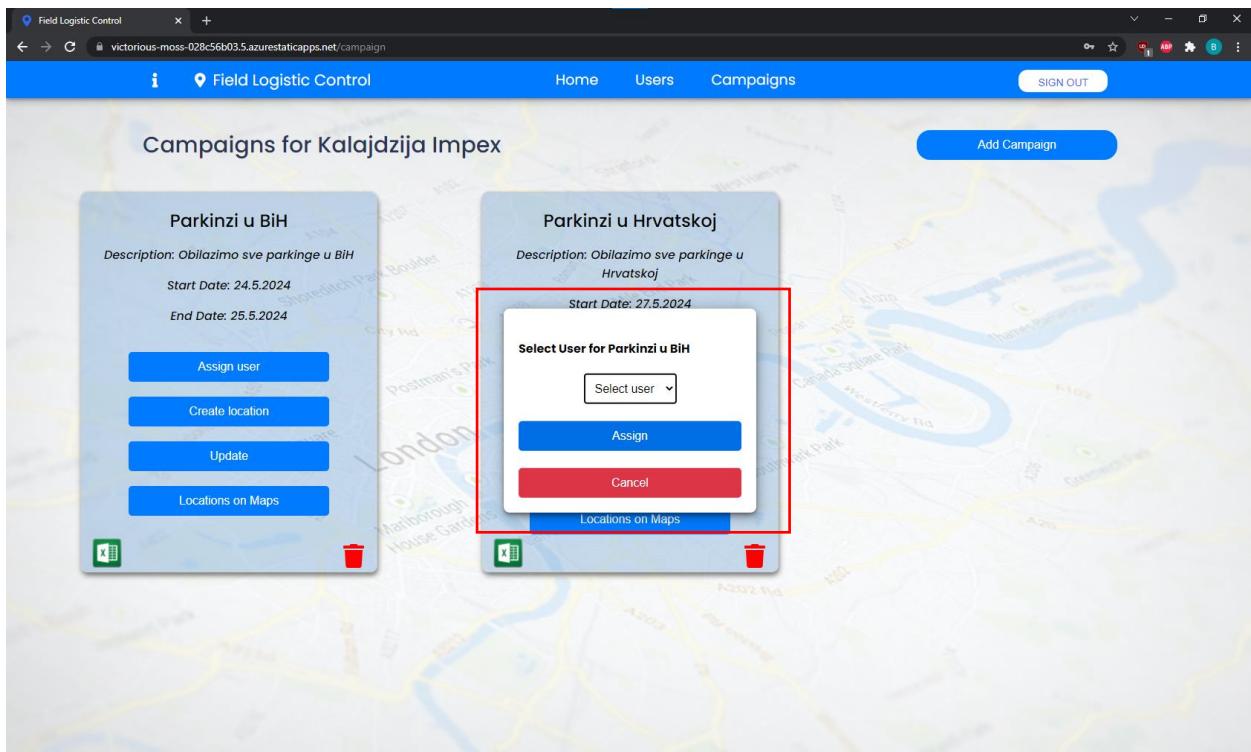

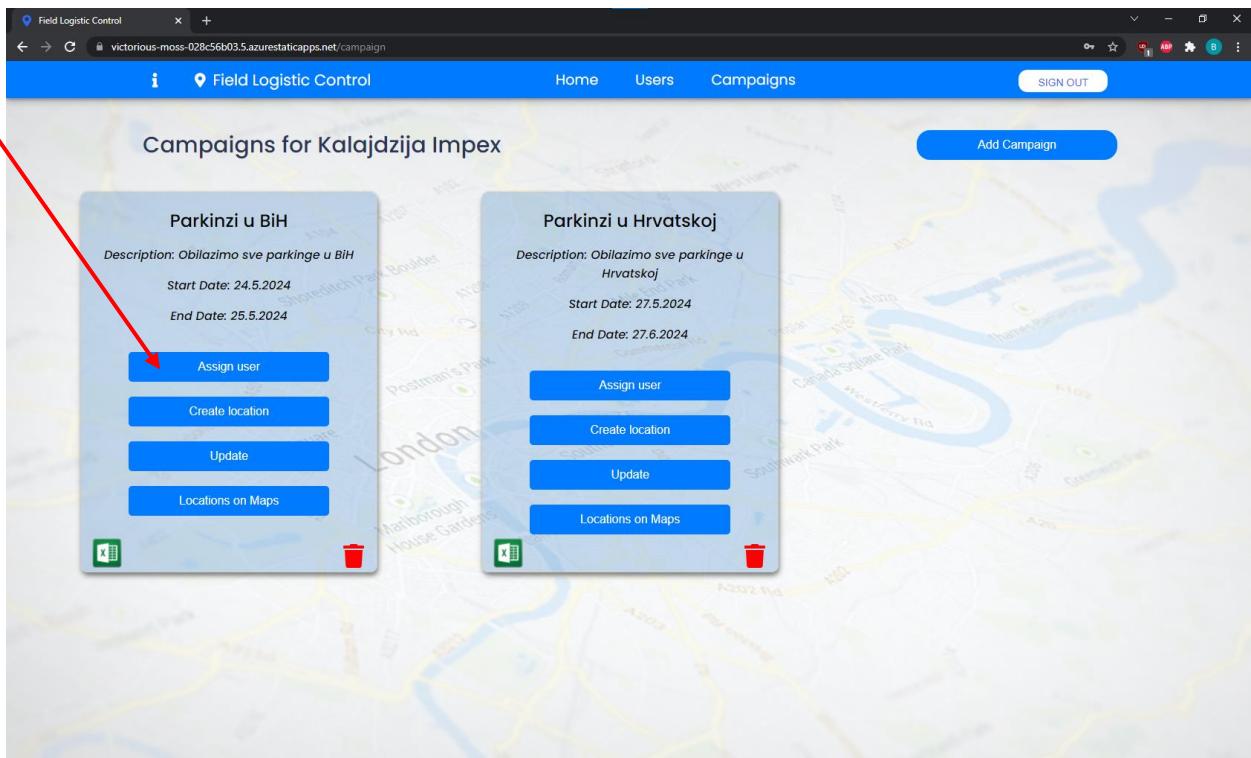

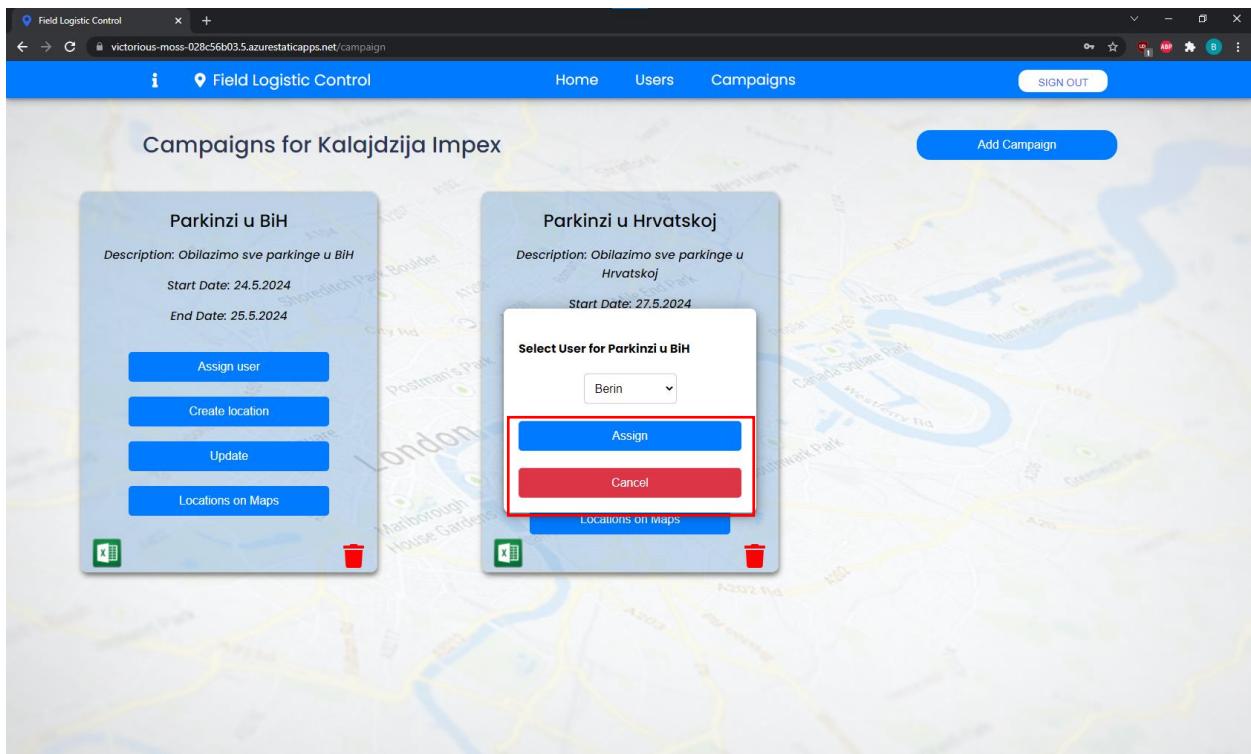

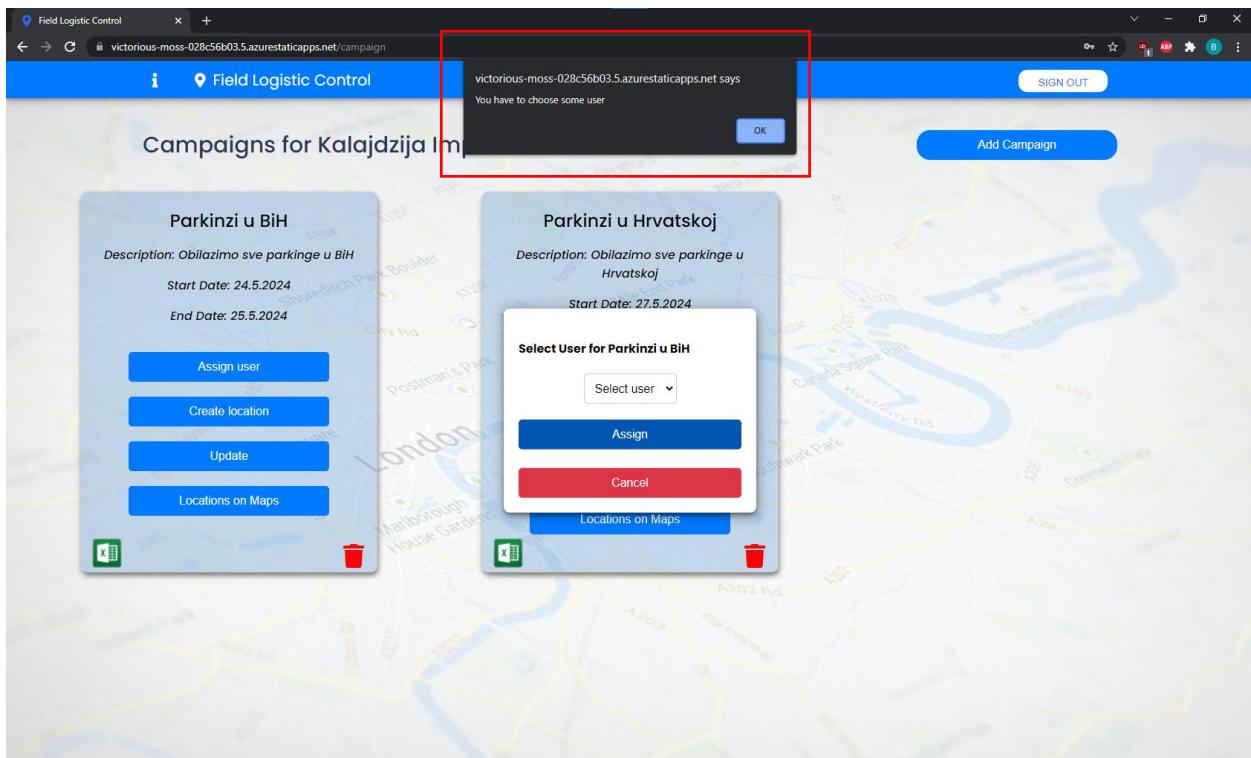

Assigning a user to a campaign

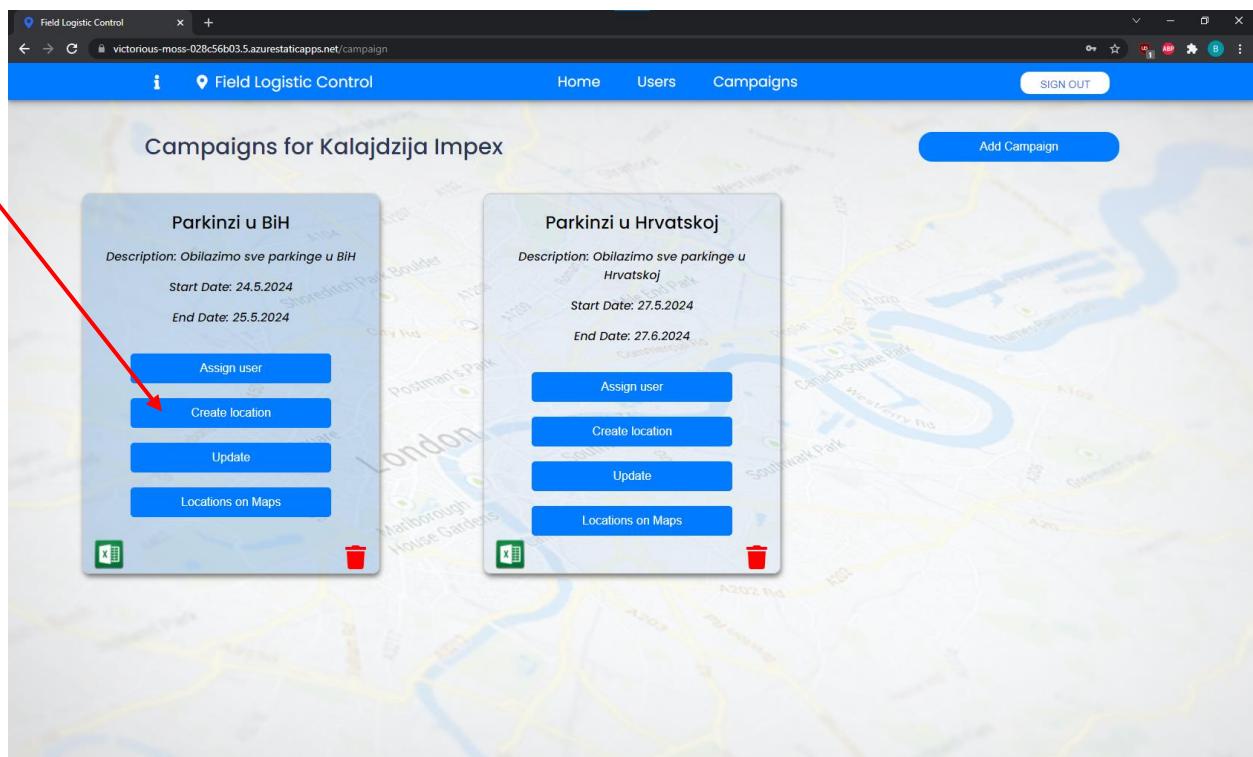

- Every campaign section has 4 different buttons
- Below the **End Date** of the campaign is the **Assign user** button
- Clicking on this button opens a pop up menu that prompts you to select a user from the users in your company that you would like to assign to the campaign
- You can only choose users that haven't already been selected for the campaign
- The user must be selected so you can be able to assign him
- Clicking the **Assign** button before the user is selected will result in an alert appearing in the top of the screen that will inform you that you have to choose a user
- Below the user selection required for assigning is the **Assign** button that you press when you have selected a user to add to the campaign
- Below that is the **Cancel** button that is used if you would like NOT to add a user to a campaign

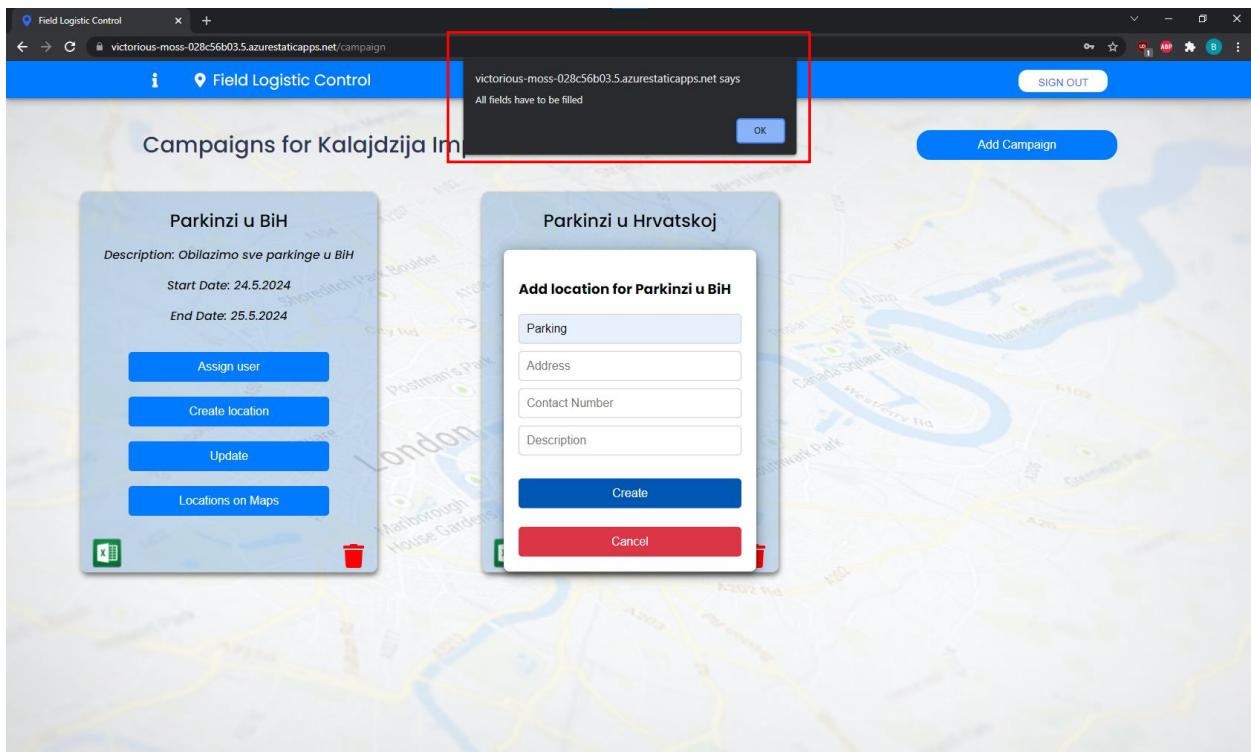

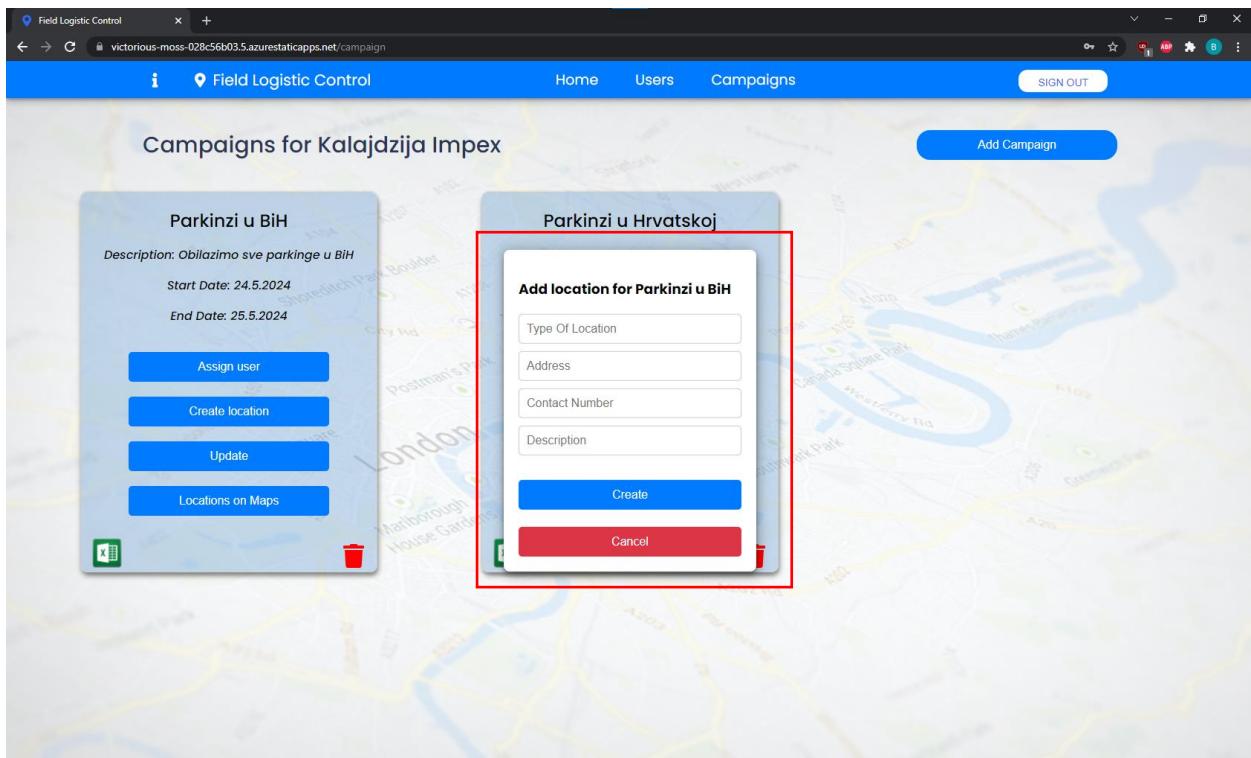

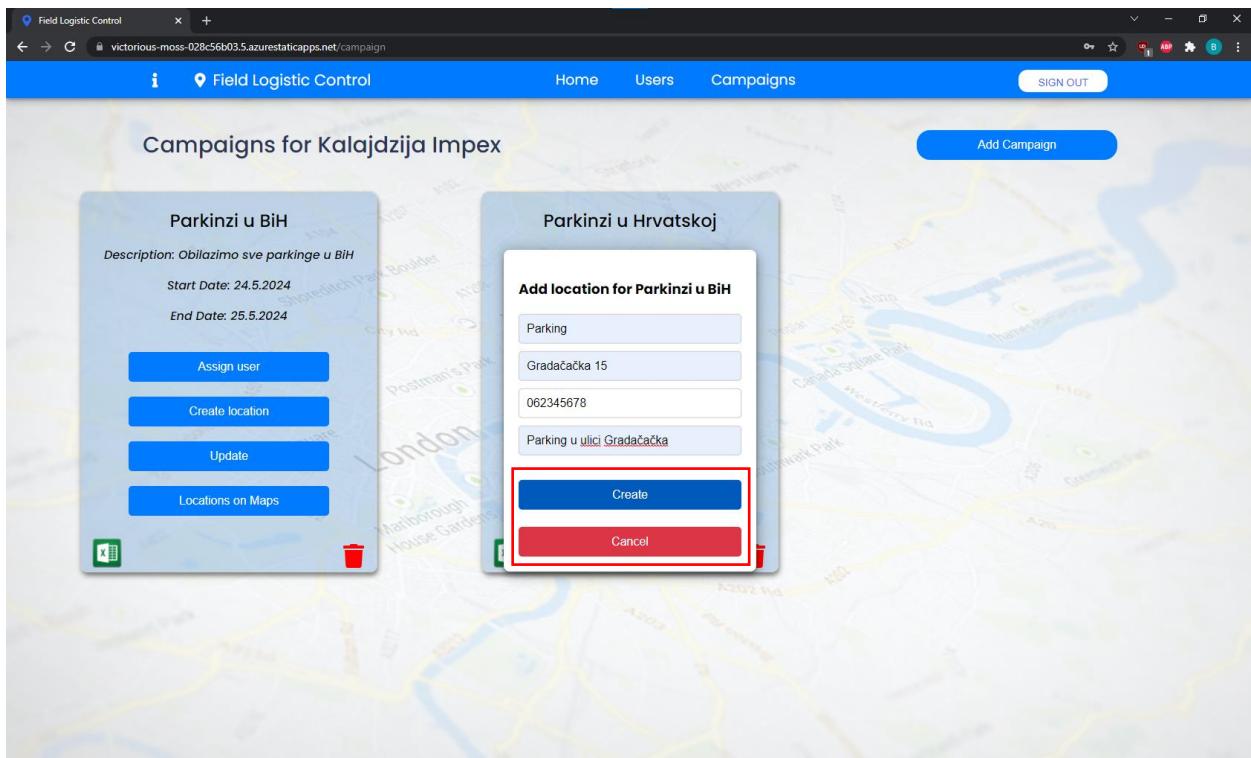

Creating a new location

- Below the **Assign user** button is the **Create location** button
- Clicking on this button opens a pop up menu that prompts you to input the data for a new location in the campaign
- The fields from top to bottom require:
 - Which type the new location is
 - The new location's address
 - The contact number for the new location
 - The new location's description
- All of the fields are required to be filled before the new location can be created
- Below the data required for creation is the **Create** button that you press when you have filled in the data to create the campaign
- Clicking the **Create** button before the data is filled will result in an alert appearing in the top of the screen that will inform you that you failed to fill all the data
- Below that is the **Cancel** button that is used if you would like NOT to create the location

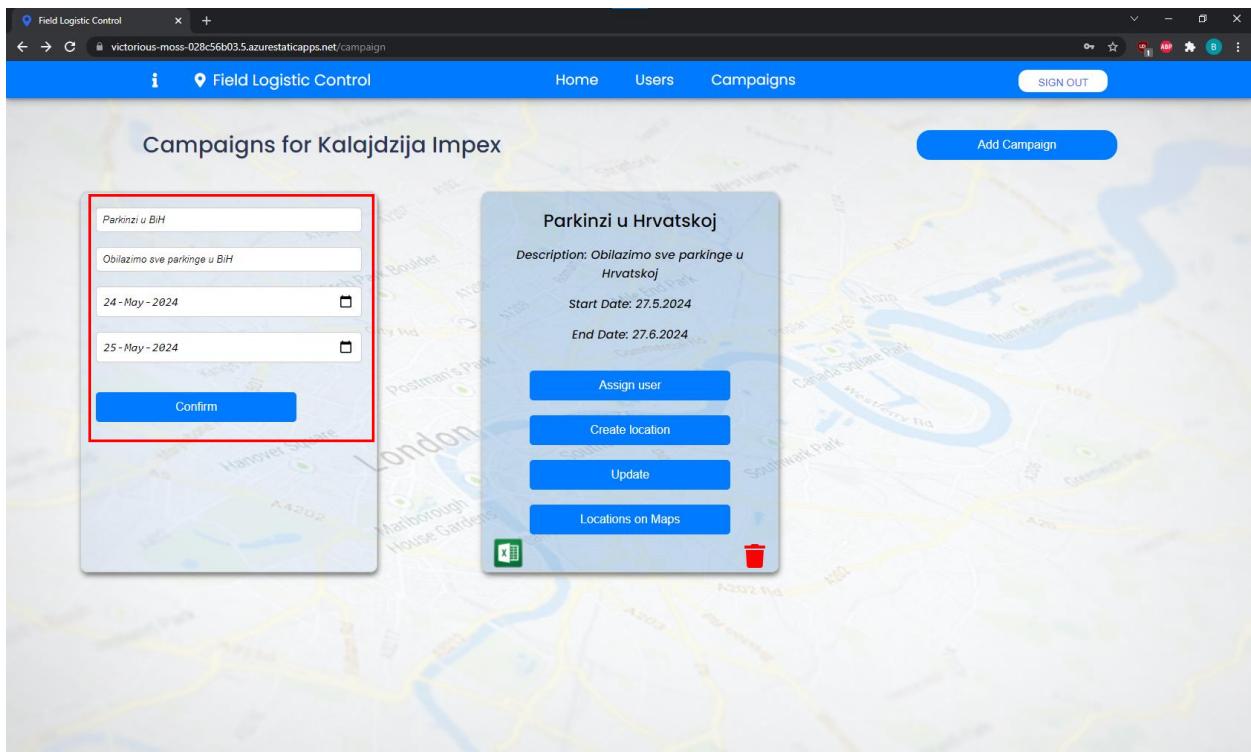

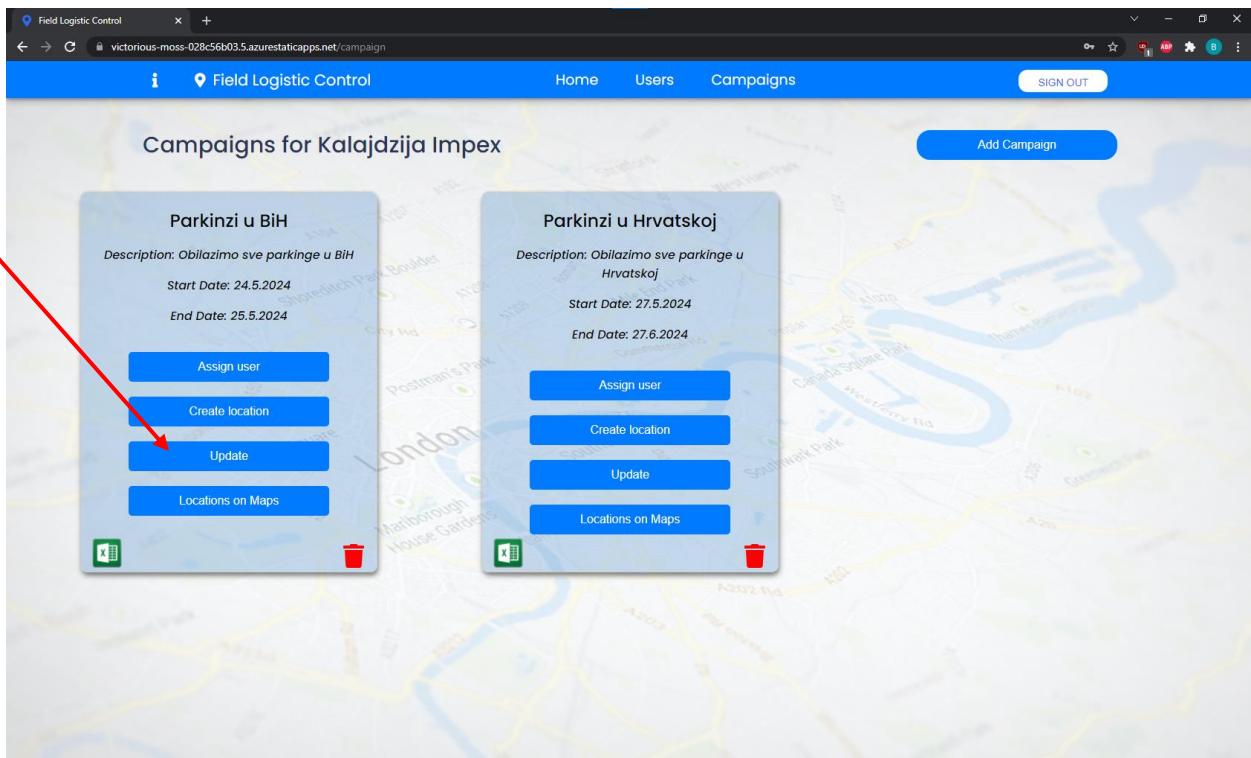

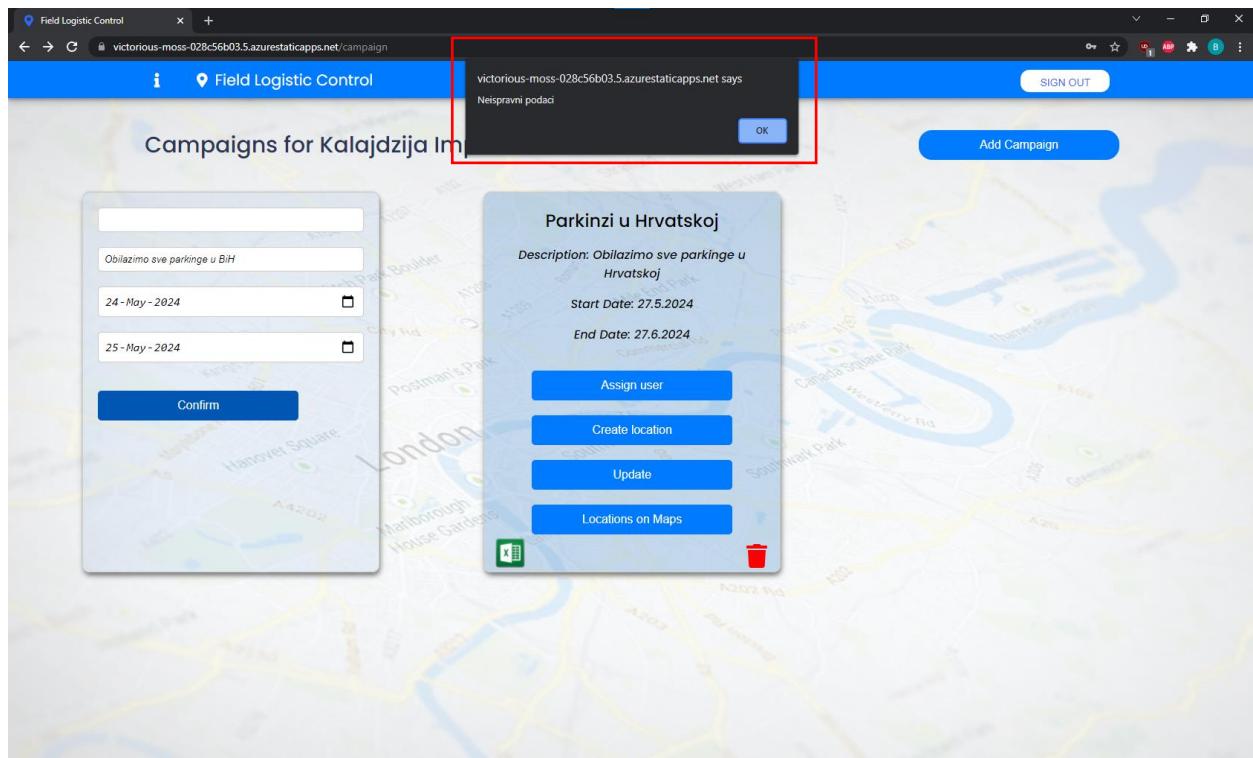

Updating a campaign's data

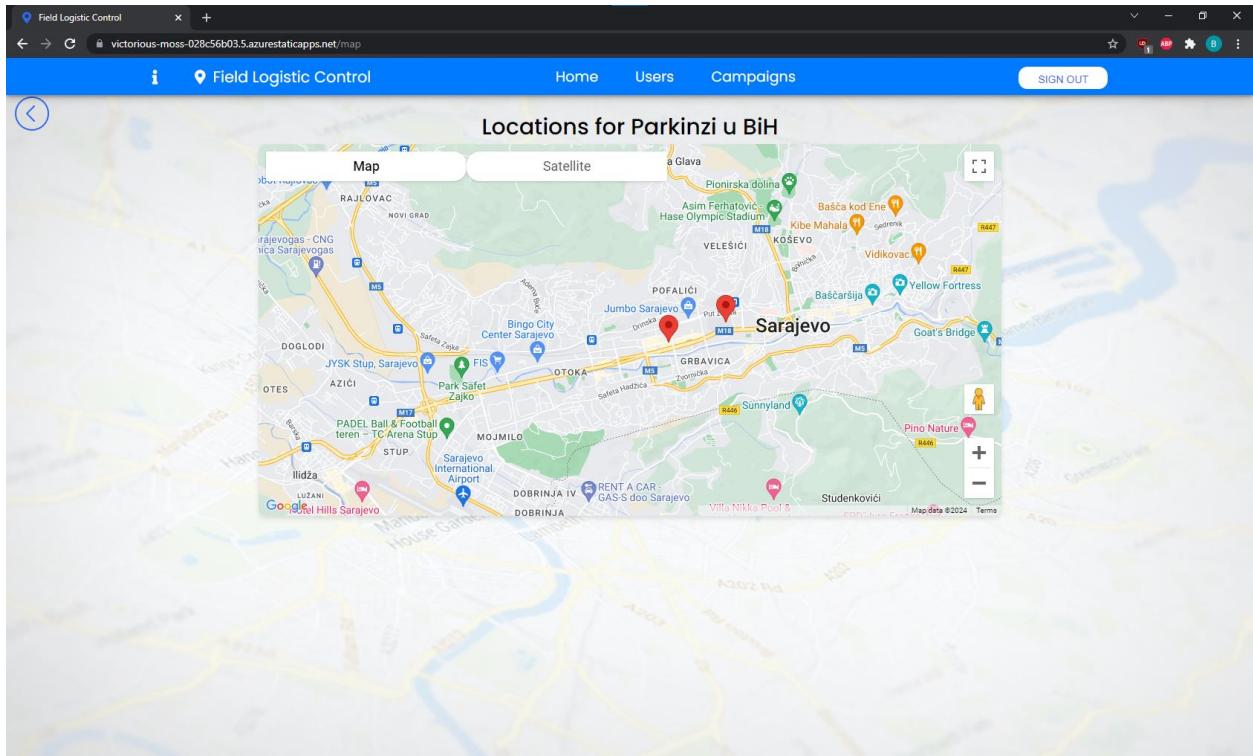

- Below the **Create location** button is the **Update** button
- Clicking on this button opens a pop up menu that has input fields filled with the current data of the campaign
- All of the fields are editable and can be changed
- All of the fields are required to be filled before the location edit can be confirmed
- Below the campaign's data is the **Confirm** button that you press when you have changed the data you wish
- Clicking the **Confirm** button before all the data is filled will result in an alert appearing in the top of the screen that will inform you that you failed to fill all the data

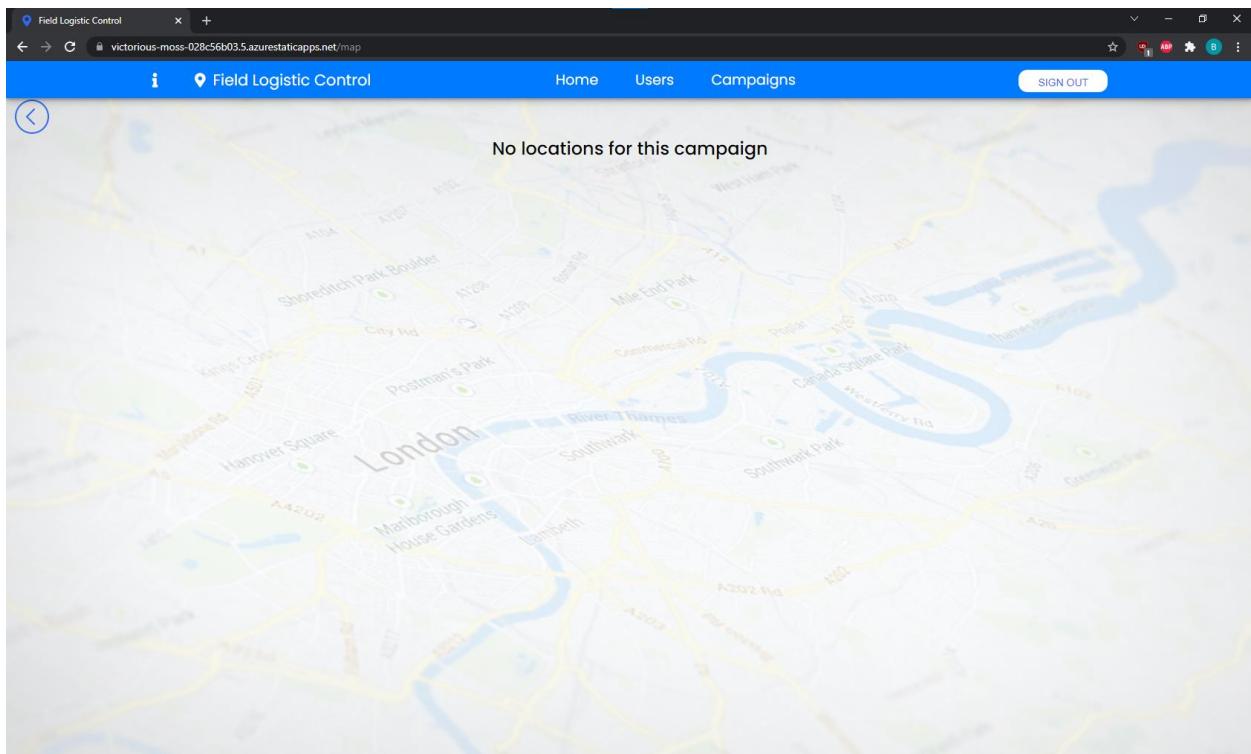

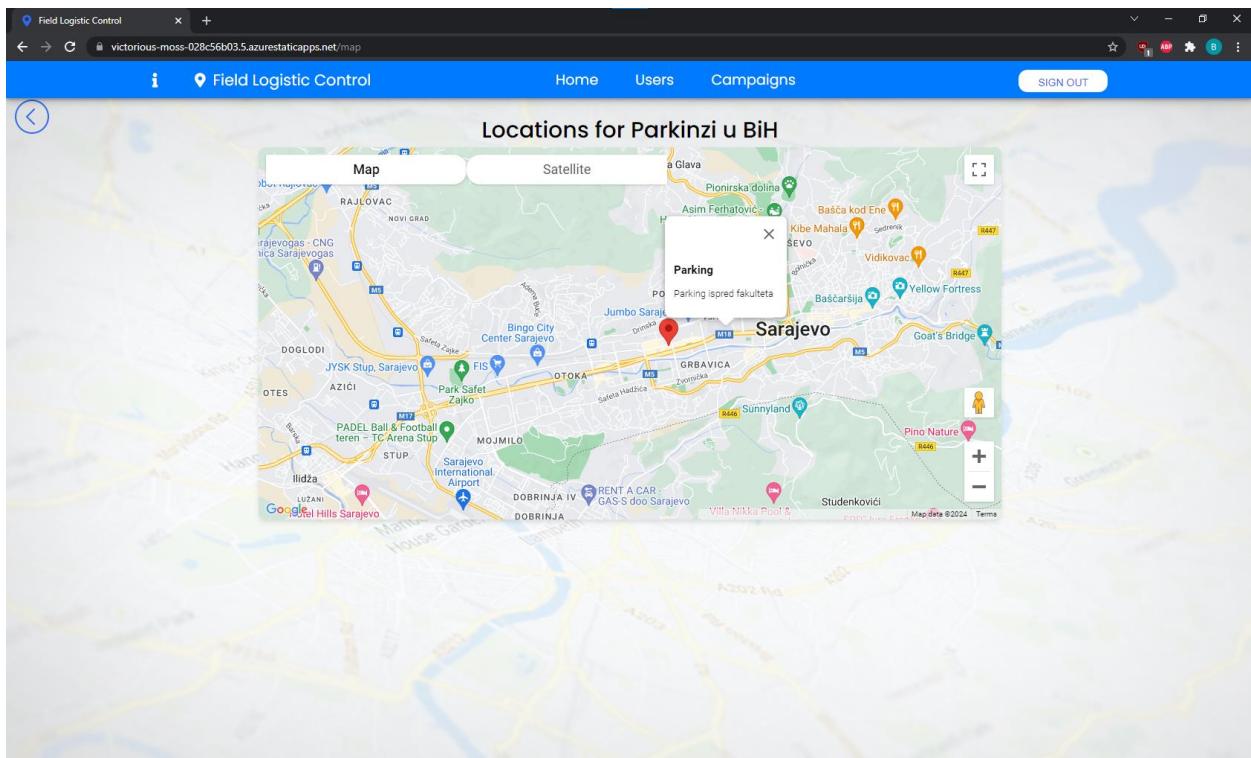

Viewing the locations on a map

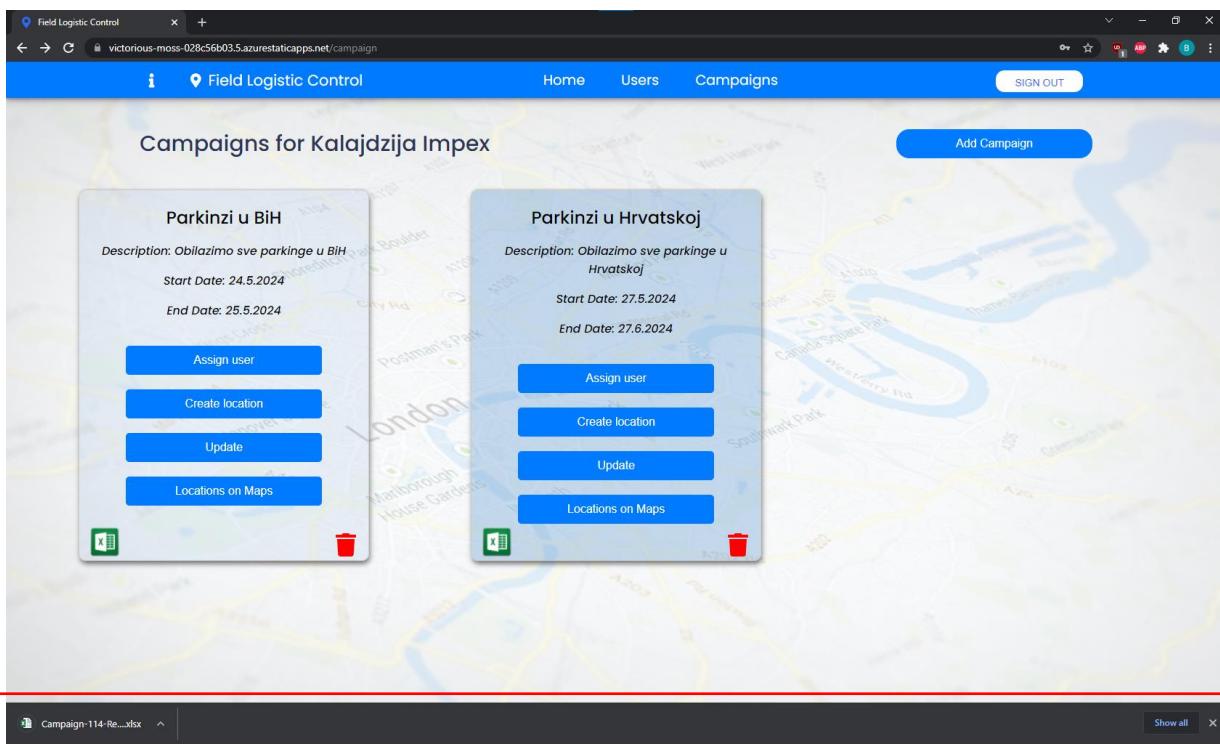

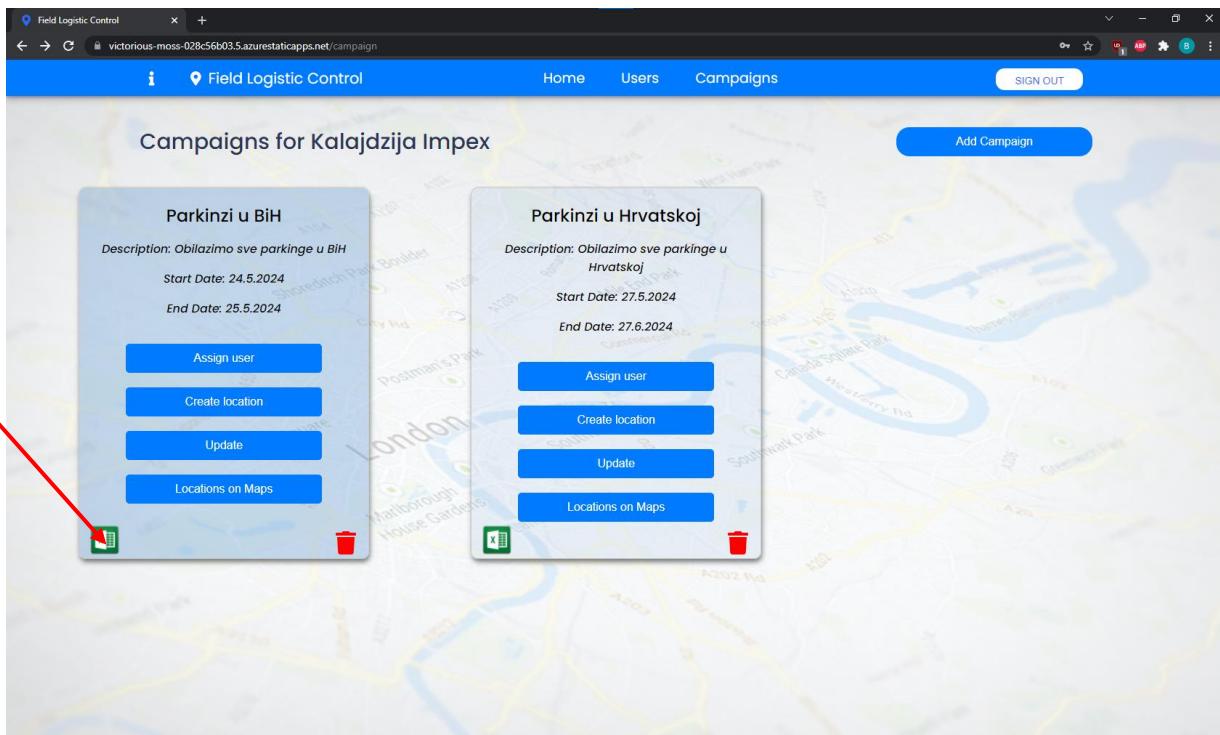

- Below the **Update** button is the **Location on Maps** button
- Clicking on this button opens a **Google Maps** map
- On this map you can see all the locations of your campaigns
- On the top left of the page is a back button to take you back to the **Campaigns** page
- If there are no locations in the campaign you will get notified
- Clicking on a location pin in the map will take you to the details section of the location
- Right clicking on the location pin will show you the name and the description of the location

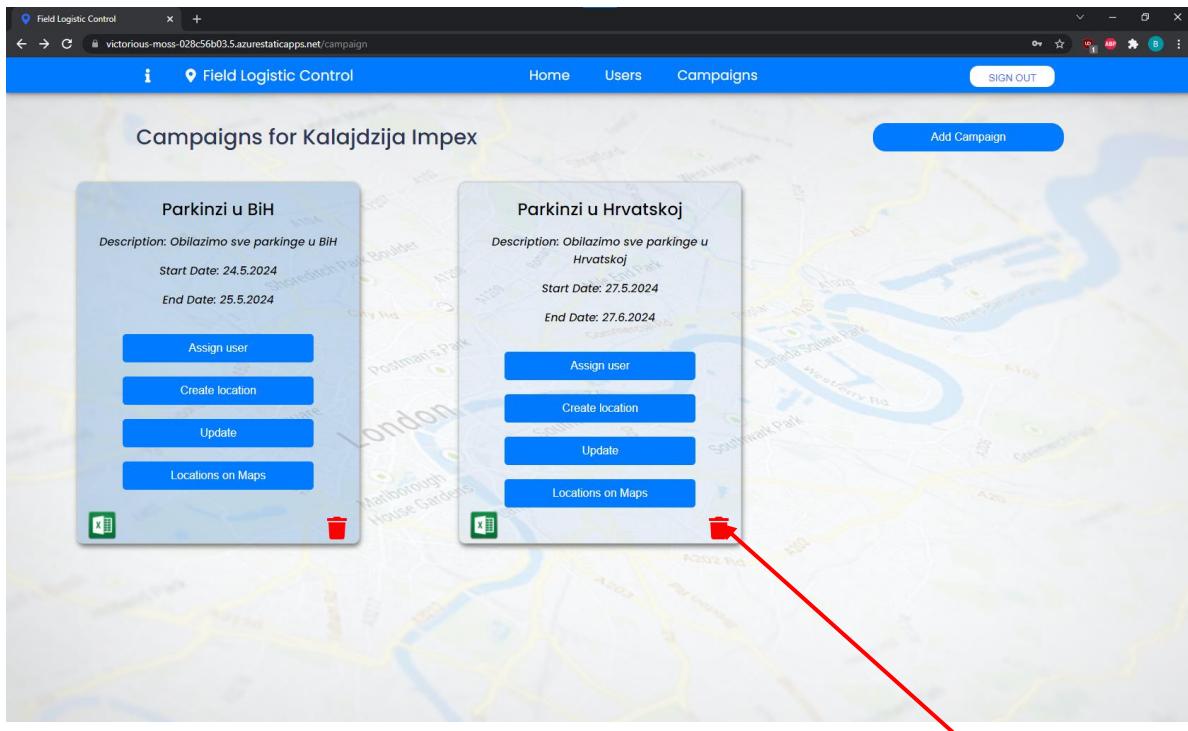

Excel sheet download

- Below and to the left of the **Location on Maps** button is an icon of **Excel**
- Clicking on it will download an excel file of all the data of all the locations of the campaign

Deleting a campaign

- Right of the Excel icon is a trash can icon
- Clicking on this icon deletes the Campaign

Location data page

- Clicking on the campaign section itself opens a new page of the location data of the campaign
- On this page you can see the data of all locations in the campaign
- The data consists of several columns with information of the location

Type of Location	Address	Contact Number	Description	Actions
Parking	Zmaja od Bosne bb	061123456	Parking ispred fakulteta	<input checked="" type="checkbox"/>
Parking	Gradačkačka 15	062345678	Parking u ulici Gradaččaka	<input checked="" type="checkbox"/>
Parking	Gradaččaka 15	062345678	Parking u ulici Gradaččaka	<input checked="" type="checkbox"/>
Parking u gradu	Gradska 21	123645	Najbolji parking u gradu na cijelom svijetu	<input checked="" type="checkbox"/>

Editing and deleting locations

- At the end of the location data is a column for **Actions**
- The first action is used for editing the data of the location
- After clicking on the icon the data of the location becomes editable
- The button itself changes to a checkmark which when pressed accepts the changes, if any where made
- You can edit the fields simply by clicking on a certain field and deleting or adding anything
- After clicking the checkmark icon the changes will be saved

Inventory Number:	08020302
GPS Coordinates:	43.8568054° N, 18.3974858° E
Full Address:	Zmaja od Bosne bb

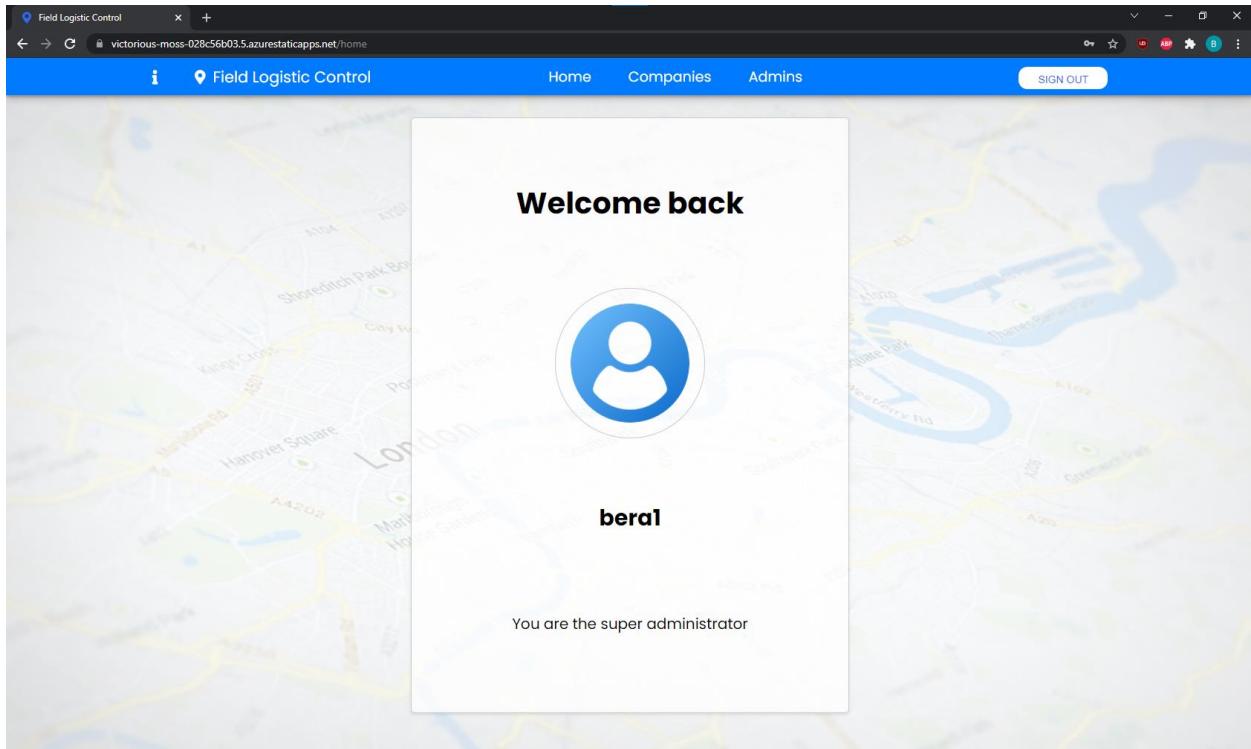

Super Administrators

- At the top of the page is a navigation bar with 5 buttons
- The **information** icon downloads a copy of this document
- The **Home** button takes you to the first page that is loaded when you first log in
- The **Companies** button takes you to a page in which you can view, create, edit and delete companies
- The **Admins** button takes you to a page in which you can view, create, edit and delete admins for companies
- The fourth button which is farther right than the rest of the buttons, **SIGN OUT** button, signs you out of your current account and takes you back to the login page

Home page

- You will be greeted with a welcome message and your username
- At the top of the page is the navigation bar that appears on all of the pages and does the same thing on each of them

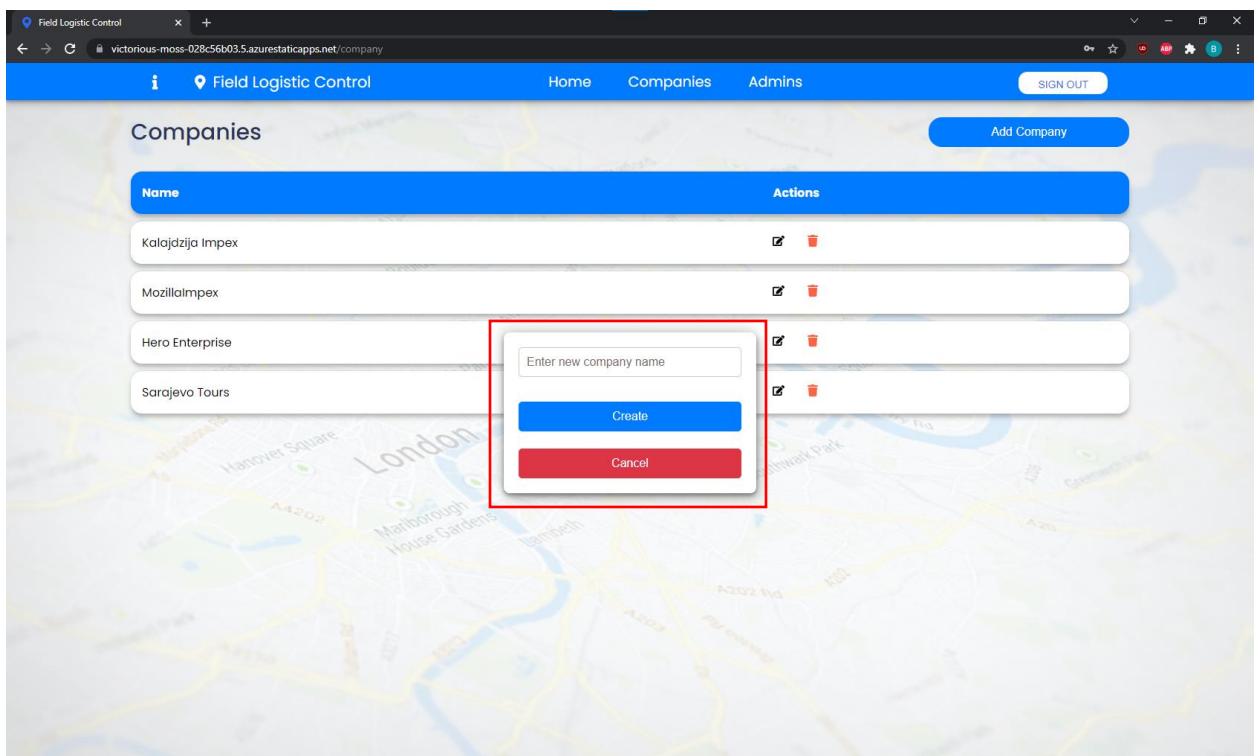

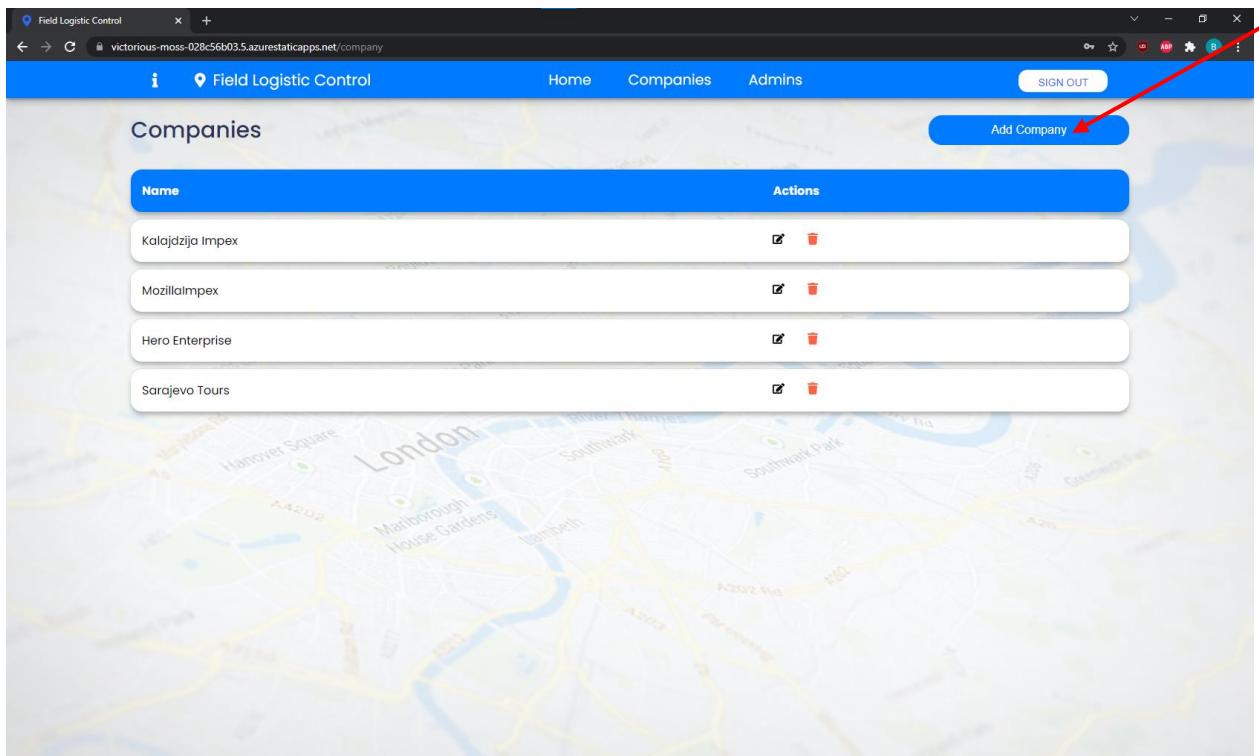

Companies page

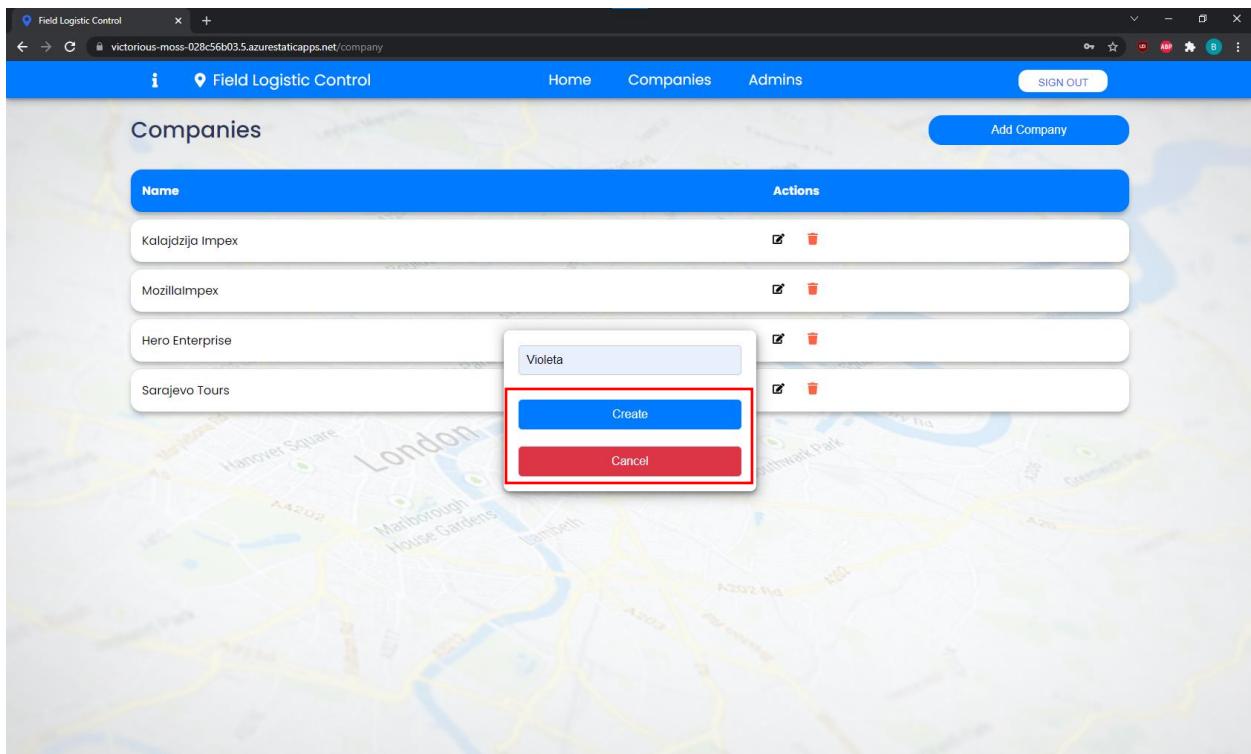

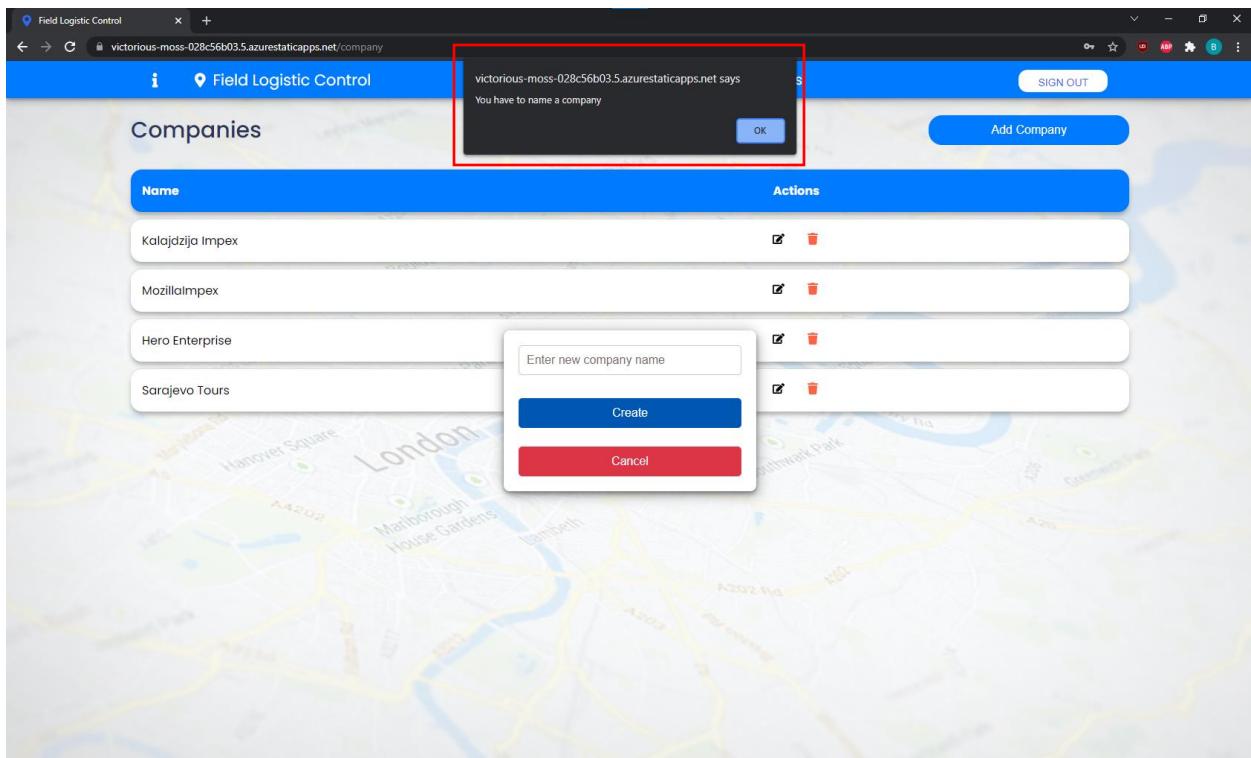

- On this page you can see all the companies on your site

Name	Actions
Kalajdzija Impex	<input checked="" type="checkbox"/>
Mozillalimpex	<input checked="" type="checkbox"/>
Hero Enterprise	<input checked="" type="checkbox"/>
Sarajevo Tours	<input checked="" type="checkbox"/>

Adding a company

- On the top right of the page, below the **SIGN OUT** button, is the **Add Company** button
- Clicking on this button opens a pop up menu that prompts you to input the new company's name
- You are required to enter a name before you can create a new company
- Below the data required for creation is the **Create** button that you press when you have filled in the name
- Clicking the **Create** button before the name is filled will result in an alert appearing in the top of the screen that will inform you that you failed to add a name for the company
- Below that is the **Cancel** button that is used if you would like NOT to create the company
- After creating a new company it will appear below the previous companies

A screenshot of a web-based application titled "Field Logistic Control". The main header has tabs for "Home", "Companies", and "Admins", with a "SIGN OUT" button on the right. Below the header is a map of London. On top of the map is a table with a blue header bar labeled "Companies". The table has two columns: "Name" and "Actions". The "Name" column lists company names: "Kalajdzija Impex", "Mozillalimpex", "Hero Enterprise", "Sarajevo Tours", and "Violeta". The "Actions" column contains two icons: a checkmark and a trash can. The row for "Violeta" is highlighted with a red rectangular box.

Editing and deleting companies

- The second column of the companies table is the **Actions** column
- The first button of the actions column is used for editing the name of any company
- Clicking on the **edit icon** makes the name field of the company editable
- The button itself changes to a checkmark which when pressed accepts the changes, if any where made
- You can edit the name simply by clicking on it and deleting or adding anything
- After clicking the checkmark icon the changes will be saved

A screenshot of the same web-based application as the previous one, showing the "Companies" page. The interface is identical, including the map background and the table with company names and actions. A red arrow points from the text above to the first icon in the "Actions" column of the row for "Violeta".

Screenshot of the Field Logistic Control application showing the Companies page. The page displays a list of companies with columns for Name and Actions. The Actions column contains a checkbox and a trash can icon. A red box highlights the 'Violeta' company entry, and a red arrow points to the trash can icon in the Actions column.

Name	Actions
Kalajdzija Impex	<input type="checkbox"/>
Mozillalimpex	<input type="checkbox"/>
Hero Enterprise	<input type="checkbox"/>
Sarajevo Tours	<input type="checkbox"/>
Violeta	<input checked="" type="checkbox"/>

- The second button of the **Actions** section is used to delete the company
- Simply click on the **Trash can** icon to delete the company

Screenshot of the Field Logistic Control application showing the Companies page after the 'Violeta' company has been deleted. The 'Violeta' entry is no longer present in the list, and the red arrow points to the empty space where it was located.

Name	Actions
Kalajdzija Impex	<input type="checkbox"/>
Mozillalimpex	<input type="checkbox"/>
Hero Enterprise	<input type="checkbox"/>
Sarajevo Tours	<input type="checkbox"/>

Admins page

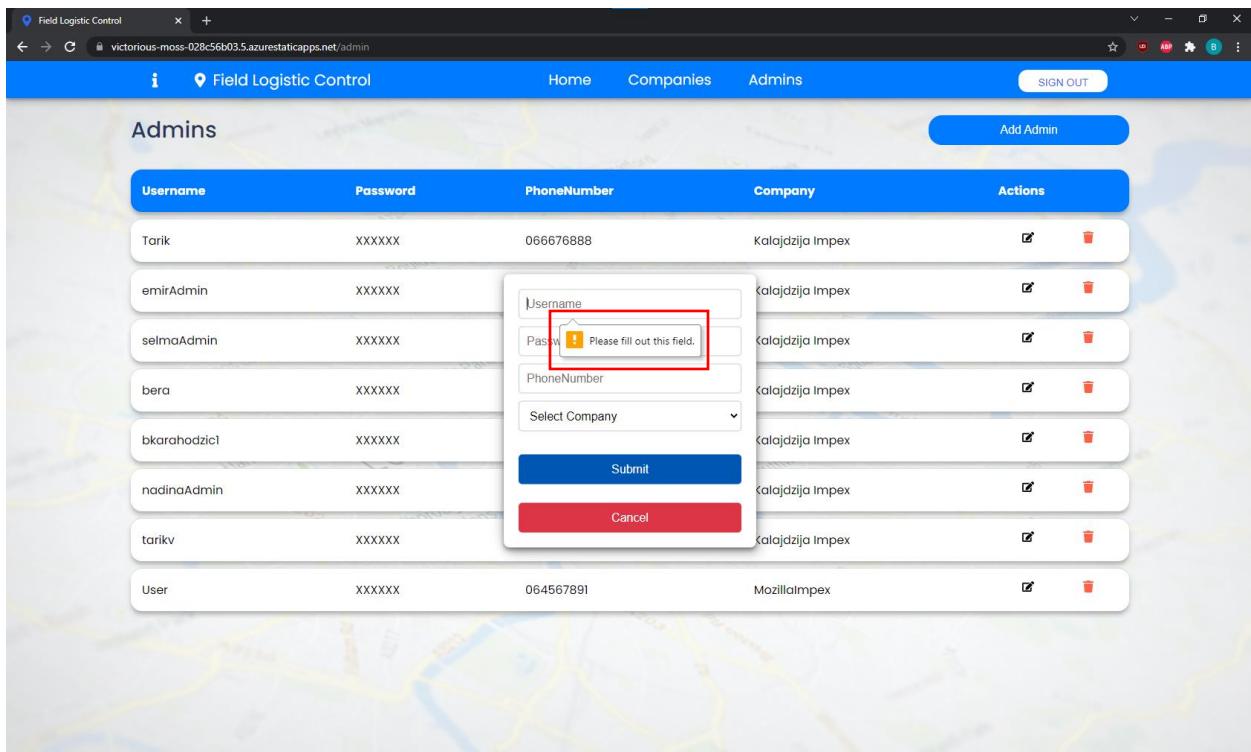

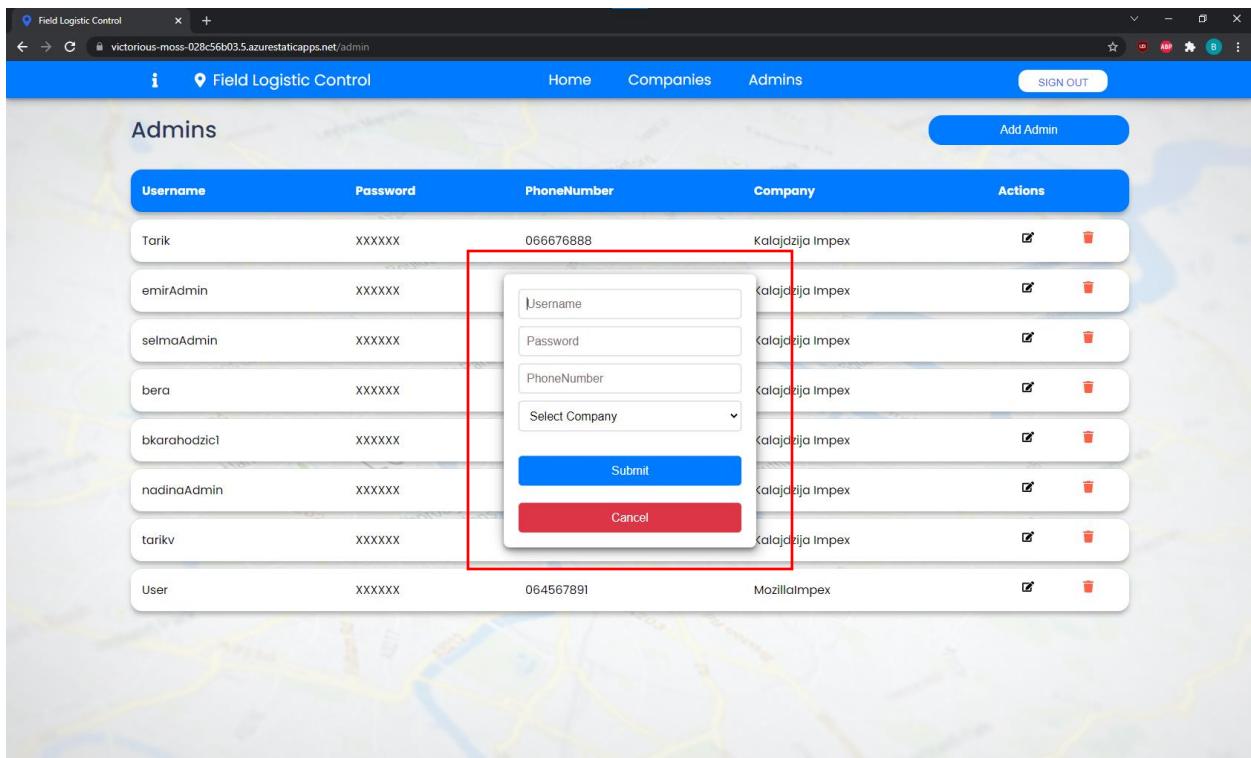

- On this page you can see the Admin data for your company
- The data that is displayed is separated into columns with different information of the admin of the companies

The screenshot shows a web application window titled "Field Logistic Control". The URL in the address bar is "victorious-moss-028c56b03.5.azurestaticapps.net/admin". The page has a blue header with navigation links for "Home", "Companies", and "Admins". A "SIGN OUT" button is located in the top right corner. Below the header, the word "Admins" is displayed, followed by a "Add Admin" button. The main content area is a table with the following data:

Username	Password	PhoneNumber	Company	Actions
Tarik	XXXXXX	066676888	Kalajdzija Impex	
emirAdmin	XXXXXX	122	Kalajdzija Impex	
selmaAdmin	XXXXXX	061112114	Kalajdzija Impex	
bera	XXXXXX	123	Kalajdzija Impex	
bkarahodzic1	XXXXXX	66	Kalajdzija Impex	
nadinaAdmin	XXXXXX	122	Kalajdzija Impex	
tarikv	XXXXXX	123	Kalajdzija Impex	
User	XXXXXX	064567891	Mozillaimpex	

Adding new admins

- On the right side of the screen below the **SIGN OUT** button is the **Add Admin** button
- Clicking on this button opens a pop up menu that prompts you to input the new admin's data
- The fields from top to bottom require:
 - The new admin's username
 - The new admin's password
 - The new admin's phone number
- The selection of the company the user will be the admin of
- All of the fields are required to be filled before the new admin can be created
- Below the data required for creation is the **Create** button that you press when you have filled in the data to create the admin
- Clicking the **Create** button before the data is filled will result in a subtle dialogue box that will indicate which field is empty
- Below that is the **Cancel** button that is used if you would like NOT to create the admin
- After creating a new admin his data will appear below the previous admins
